

HEALTHY FOUNDATIONS

NATUROPATHIC CLINIC

Hello to our wonderful patients,

We hope you are keeping well during this time of transition and staying safe as businesses start to re-open.

Thank you to all of you for your continued support during the last couple of months. We know everyone has been facing different challenges during this time and we appreciate your patience as we transition to our new office location.

We have been delighted to connect with so many of you for phone and email consultations and to fill your dispensary needs.

We will continue to offer these services over the summer months. Please feel free to reach out via phone or email if you are needing consultations or any medicine from the dispensary.

We are still on the exciting search for our next place of business - finding that perfect space can be a little challenging! We are eager to see people in-person again soon and are aiming to be in an office setting by September. As this time gets closer, we will be sending out an updated email with details on our new location. At that time, we will also provide information on the new safety precautions we will be implementing for in-office visits to maintain the health and safety of all of our patients.

Stay well,

Susan, Dana and Polly
